Victoria & 50's style

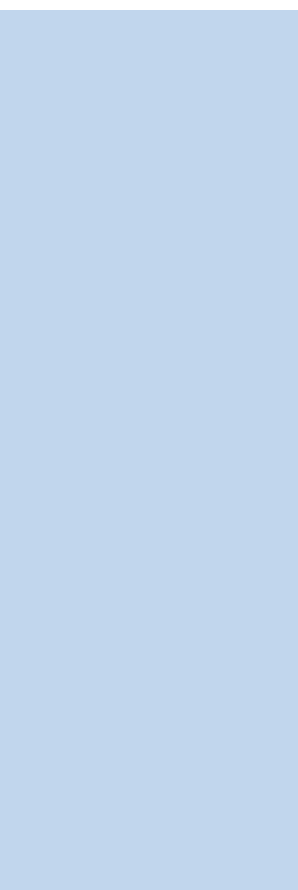

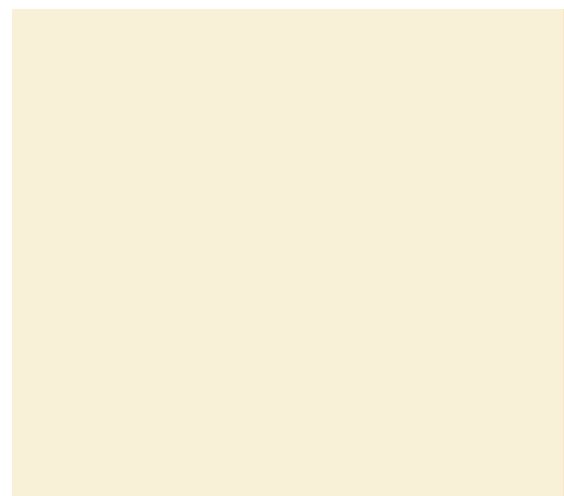

Victoria & 50's style

STYLE STATEMENT FOR YOUR HOME

With vibrant colours, rounded curves and smooth lines, Smeg's retro appliances truly embody the glamour and form of the 1950's. Impeccable style of Victoria and "Style 50's" series is more than just an icon.

From freezers, cookers, ovens and fires, to dishwashers and washing machines, the range has become synonymous with Italian quality and design. With the new addition of small appliances, there are now even more ways to be inspired to get creative in the kitchen. Bursting with passion, Smeg's 50's Style is designed for those who wish to make a big impact, not only with what they create in the kitchen, but how they create it.

Cooking

.....

MADE IN ITALY STYLE AND DESIGN

Smeg's love of cooking has come from over 65 years of experience in the kitchen. It is clear from the detail that Victoria appliances have been designed to optimize performance and enhance the beauty of the heart of your home. Whether you are a seasoned chef or just beginning to explore your culinary potential, you will always find an abundance of inspiration for your kitchen. This happens due to the aesthetic diversity, premium quality and functionality of Victoria appliances: cooking centers, built-in ovens, hobs.

Refrigeration

A TRUE "ICON" ON YOUR KITCHEN

The first word that springs to mind when talking about the Smeg fridge is 'Iconic'. Effortlessly combining good looks with high performance technology, the FAB fridges are available in six different sizes, from the ultra-spacious FAB50, to the petite FAB5.

They are also available in a vast number of colours, so whether you are after the classic look of cream or the vibrant impact of the lime green, there is sure to be a FAB colour to suit your kitchen setting perfectly.

Appliances that make any kitchen look particular. SMEG refrigerators in retro style are real cult objects, they are known worldwide for their unique design, aesthetic and functional.

Dishwashing & laundry

.....

**HOUSEWORK HAS NEVER LOOKED
THIS GOOD**

If you thought that Smeg's passion for innovative appliances was limited to cooking and cooling, then think again. The Smeg retro range also boasts a beautiful line of washing machines and dishwashers, all coordinating perfectly with the colours and designs of the other 50's inspired products.

Washing machines and dishwashers.

By showing the highest efficiency and impeccable style, these appliances will add color and enliven the surrounding space. For SMEG washing and cleaning processes - are matters primarily of style and functionality. Thanks to its own research and development, SMEG has the technology that meets the highest standards.

Small Domestic Appliances

THE NEW ICONS OF DOMESTIC SPACE

Curved, compact and bursting with personality, small appliances from Smeg are the latest addition to the 50's Style family. The collection of toasters, kettles, stand mixers and blenders manages to seamlessly combine boundless energy and creativity of the Italian temperament.

Whether you want to match them with your other Smeg appliances, or simply add a burst of colour to your kitchen, this collection is the ideal way to make a huge impact in the kitchen. Small appliances with great charm. Chic of the 50s... Curved shapes and bright colors, combined with the latest technologies. With delight and passion, enthusiasm and charm, these stylish creations by SMEG will fry bread, knead the dough and heat up water!

Quality, Environmental and Occupational Health & Safety Management Systems

All Smeg factories are ISO9001, ISO14001 and OHSAS 18001 certified, ensuring that the highest standards of quality are continually maintained whilst actively responding to all environmental issues relating to manufacture. The materials and components used to produce Smeg products undergo strict quality control testing, and care is taken to source recyclable materials wherever possible. These management systems enable Smeg to provide complete assurance that all products meet superior standards whilst respecting the environment. The workforce is not forgotten – the occupational health and safety assessment scheme promotes a safe and healthy working environment, aids legislative compliance and helps to improve overall performance.

Whereas every effort has been made to ensure that the information contained in our literature is correct at time of going to print, this brochure should not be regarded as an infallible guide to current specification, nor does it constitute an offer for sale of any particular product. Smeg reserves the right to change specification without notice.
